Safety Tips

For Drivers

- Stop for pedestrians at crosswalks and intersections it's the law.
- Do not block crosswalks when stopping at intersections.
- Slow down and obey the posted speed limit.
- Take extra care around schools, playgrounds and neighborhoods.
- Always look out for pedestrians, especially before turning at a green light or making a "right turn on red."
- Never run red lights.
- Be careful when passing stopped vehicles. They might be stopping for pedestrians.
- Allow 3 feet when passing bicyclists.
- Share the road. It's your responsibility to look out for others.

For Bicyclists

- /// Always wear a helmet.
- Obey all traffic rules bicycles are vehicles.
- /// Do not ride against traffic.
- Yield to pedestrians on the sidewalk and in the crosswalk.
- Be predictable; use hand signals.
- Use a headlight, tail light, and retro-reflective clothing when riding at night.
- If you cannot see a truck's mirrors, the truck driver cannot see you.
- Don't cut in front of a truck too soon after passing.

Safety Tips

For Pedestrians

- Cross the street at marked crosswalks and intersections whenever possible.
- Before crossing, look left, right, then left again, and over your shoulder for turning vehicles.
- Begin crossing the street on "Walk" signals never on a solid or flashing "Don't Walk."
- Use pedestrian pushbuttons to activate/ extend the walk signal.
- Use sidewalks. If there are none, walk facing traffic so you see vehicles, and drivers see you.
- Make eye contact with drivers so they see you. Never assume they do.
- Stay visible after dark and in bad weather with light-colored or retroreflective clothing.
- Bus and truck drivers take longer to stop and are looking out for you. Are you looking out for them?
- Pay attention to turning vehicles especially trucks and buses making a "right turn on red."

 Be aware that truck/bus drivers often have to swing wide to negotiate turns.
- Watch out for trucks and buses backing out of parking spaces and driveways.
